

CEC Meeting October 14<sup>th</sup> 7 pm

Committee Members in attendance – Maegan Frantz, Town Liaison, Kelly Jasinski

**This meeting was a working meeting.**

Maegan composed a letter to National Grid to inquire about the Connected Solutions Program. This program is run through National Grid and promotes the installation of Smart Thermostats. Connected Solutions works with connected devices, think thermostats, to reduce electric use during periods of high energy demand.

**Newsletter work**

Goal is to have the next edition of the newsletter ready for November 1<sup>st</sup>, provided National Grid can get back on the Connected Solutions Program. Important to try and have this available for Nov. 2<sup>nd</sup> at Town Hall as a handout that residents can pick up.

Discussion on how to approach the campaign for Demand Response. Thoughts that perhaps setting a community goal of so many and approaching it as a competition might make it more desirable in the public eye.

The scoping document for Demand Response is essentially finished and should be ready for submittal by November 1<sup>st</sup>.

Meeting ended at 7:50

Next meeting scheduled for November 11<sup>th</sup>, at 7pm.
