

FPPC November 21st 2023 Meeting Minutes

Attendees:

Emilia Medick

Scott Draina

Clifford Sampson

No updates for the PDR (Purchase of Development Rights) program. Town Board has not communicated anything about funding in place. Town Board liaison or any other representative has not attended FPPC meetings since the June 2023 meeting.

Discussed the Town of Ballston Farms list. There is still missing information (phone numbers, email addresses, etc.) within the list and need to do another outreach for inclusion on it. Need to send out emails again and/or mail out a copy for information to be returned and what each farm would like included. Cornell Co-op has been copied in the list for their use and update.

BH-BL Women's Club hosted the "Festival of Trees" which is upcoming for those that chose to be a part of it. Setup was Thursday Nov. 30th. The event runs through December 3rd.
